

Take a Compliment

Random act of kindness! Similar to the old “Rent a Room” flyers, these flyers are intended to be filled in by students and hung around school for classmates and school staff to tear off as needed for a kind and joy-filled moment. The students get super creative and it a beautiful activity to participate in. The conversation may include the Ripple Effect of Kindness or how small acts of kindness can make a big impact. You go around the room and ask students, what is the smallest act of kindness you’ve ever seen? And then, what is the biggest impact those small acts may have had?

HOW TO

1. Write or decorate the top portion of the flyer.
2. Students will write in a compliment or kind thought on the bottom portion of the blank Take a Compliment flyer.
3. Cut along the dotted vertical lines on the bottom portion of the document
4. Walk around the school and hang the flyers in various locations for other students to find, creating smiles all around. 😊
