

## PROJECT IDEA

### **Cards for Hospital Workers** *By Sophia Burnston*

*Writing cards to Hospital Workers is a wonderful way for students to show their gratitude for the people who keep us healthy and safe. They can use their creativity to decorate the cards and spread joy to the recipients, who work tirelessly for our communities. These cards can be sent at the holidays, Valentine's Day, or at any time during the year.*

#### **HOW TO**

1. Gather paper, markers, and other decorative materials.
2. Write on and decorate the paper to create cards. They can be signed or anonymous.
3. Include messages showing gratitude such as "Thank you for your hard work" or "We appreciate you".
4. Deliver these cards along with any other goods you want to donate (i.e. flowers, stuffed animals, etc.)

#### **ITEMS NEEDED**

1. Blank paper (any type: construction, printer, cardstock, or other)
2. Markers, pens, or other writing utensils
3. Any other decorative materials
